

REWARD | EQUATOR Conference 2020

Sharing strategies for
Research Improvement

Venue

Langenbeck-Virchow-Haus, Luisenstraße 58/59,
10117 Berlin (Mitte), Germany

Further information will follow here

www.reward-equator-conference-2020.com

February 20–22, 2020
Berlin, Germany

Hosted by the BIH QUEST Center

Themes of the Conference

Challenges and opportunities for Improvement for Ethics Committees and Regulators, Publishers, Institutions and Researchers, Funders – and Methods for measuring and testing interventions

We now have extensive evidence of the prevalence and impact of many wasteful research practices and practical strategies are emerging to improve research. At the REWARD | EQUATOR Conference 2020 our focus will shift to place emphasis on the development, evaluation and implementation of strategies to reduce waste and increase quality in research.

Covering the perspectives of Ethics Committees and Regulators, Publishers, Institutions and Researchers, and Funders, and with dedicated sessions relating to methodological issues in Research on Research, the Conference will bring together leading practitioners in research improvement in plenary sessions, and provide ample opportunities for discussion and facilitation of new collaborative partnerships.

Keynote and Plenary speakers to include

(alphabetic)

Lisa Debruine (pending confirmation) University of Glasgow | Glasgow, Scotland

Daniele Fanelli London School of Economics and Political Science | London, UK

Jeremy Farrar (pending confirmation) Wellcome Trust | London, UK

Claudia Gerstle (pending confirmation) United Airlines | Chicago, USA

John P.A. Ioannidis Stanford University | Stanford, USA

Jonathan Kimmelman McGill University | Montreal, Canada

Frank F. Miedema Utrecht University & UMC Utrecht | Utrecht, The Netherlands

Ivan Oransky New York University & Retraction Watch | New York, USA

Scientific Programme Committee (alphabetic)

Ginny Barbour Queensland University of Technology | Brisbane, Australia

Lex Bouter Vrije Universiteit | Amsterdam, The Netherlands

Isabelle Boutron Université Paris Descartes | Paris, France

Ulrich Dirnagl BIH QUEST Center | Berlin, Germany

Paul Glasziou Bond University | Gold Coast, Australia

Sabine Kleinert The Lancet | London, UK

Malcolm Macleod (Chair) University of Edinburgh | Edinburgh, Scotland

Marcus Munafò University of Bristol | Bristol, UK

Brian Nosek Center for Open Science & University of Virginia | Charlottesville, USA

Daniel Strech BIH QUEST Center | Berlin, Germany
